

H. D. SEGUR INSURANCE ARBORIST RISK MANAGEMENT SERVICES

With the myriad of tree services, arborists especially face numerous risks while they perform their job every day. Arborists provide many services to their customers which come with their own unique risks. When choosing an insurance policy, it is very important to choose the right coverage. Our agency provides our tree service clients with an insurance policy that grants total protection and lowers the arborists' risk of getting caught in a coverage gap.

ABOUT US

H. D. Segur, Inc. is a full-service independent insurance agency that has been providing insurance to individuals and businesses since 1890. We specialize in helping companies resolve their insurance-related issues through the use of a comprehensive approach called "*Risk Management*".

H. D. Segur, Inc. has insurance programs built from the group to service the unique needs of landscapers and arborists. H. D. Segur recognizes that the variations in how business is conducted require customization in order to insure the highest standard of protection. Customizable coverage provides our clients the coverage they need while omitting the coverage they do not, so premiums are always kept reasonable.

H. D. Segur's commitment to professionalism is confirmed by our highly-trained and experienced staff. We combine knowledge of the industry and your business to provide you with solutions for your specific business goals.
